DESCRIPTION

One of the most influential of 20th century architects, Charles-Edouard Jeanneret, who choose to be known as "Le Corbusier", was also responsible for some of the Modern Movements best-known furniture. Free from any form of decoration, these tubular steel designs embody relaxed and timeless elegance.

Our Grand Lounge Sofa is inspired by the Le Corbusier LC3 Sofa, known the world over as the "LC3 Confort - Grand Modele Sofa." We make our version of the LC3 Sofa at our own factory. Each sofa frame uses high gauge tubular stainless steel. The frame is polished to a mirror-like finish with mitered frame corners ground to a soft radius. The feet have adjustable height glides. The webbing is 2" polyester woven elastic with hooks to hold it the frames. We add extra frame supports and 5 inch legs for improved comfort over the Signature Brand.

We use top-grain, aniline-dyed leather on all visible cushion surfaces. Inside each cushion is high density, HR (High Resilient), Multi-Density polyurethane foam surrounded by Dacron batting. In addition, the seat cushion has an extra layer of Dacron fiberfill. If you are seeking a more relaxed look, we can replace the fiberfill with a feather/down mix which is available as our model number MC-2063.

Please read our [Buyers Guide for Corbusier Sofas](#) for more details on our LC3 Sofas.

Dimensions:

Overall: 93w x 28.75d x 27h
 Seat Interior: 81w x 20d
 Seat Height: 17.5h
 Arm Height: 27h
 Weight: 126lbs

LEATHER CHOICES

Modern Classics Furniture offers two levels of Top-Grain Italian Leathers. Each of the these groupings feature:

- Top-grain Italian leather from Grade A hides

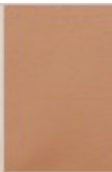

- Semi aniline-dyed (standard) and 100% aniline-dyed (premium)
- Made in Italy and imported to our factory
- Have a UV and Moisture Guard built into the dye
- Are not split hides or bonded leather

We are happy to mail you a physical piece of leather so you can hold it in your hands.

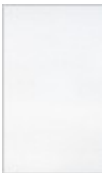

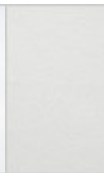

Below are the Group A leather colors we offer for this product. Our **Standard Leathers** (denoted with the prefix L1) are top-grain, aniline-dyed, and then color corrected with a slight embossing to create a more uniform grain pattern. Our **Premium leathers** (denoted with the prefix L2) are also top-grain, aniline-dyed but have a soft feel to them and much of the hides natural grain patterns are retained. All our leathers are considered equally durable and are ideal for home or commercial use. To read more about leather, read our [A Guide to Understanding Upholstery Leather: A Primer](#).
