Our 60 Inch Florence Knoll Style Bench is handmade using modern furniture construction techniques for superb seat comfort and durability. The cushion surfaces on this model consist of individual panels which are hand-sewn together using a hand-rolling welting (a technique known as Capitona) between the buttons and have the welting (piping) around the perimeter edges of the cushion. Exposed legs and frame are made of 14 gauge 1 inch square stainless steel tubing polished to a mirror-like finish and have adjustable foot glides. Our construction techniques provide a solid bench perfect for commercial and residential applications.
