

## White Glove Shipping Extra Charge

### White Glove

### Delivery

Item No.: WHITEGLOVE

**White Glove Delivery Zones:**

#### DESCRIPTION

This product is used for the additional white glove shipping charges which are not included in the calculated shipping rate.

These charges can vary by delivery zip code and the items shipped. The Base rate is \$220 which will cover most of the larger metropolitan areas and most products except the very large Tulip and le Corbusier style tables. Those heavier tables are heavy and require more than the typical 2-man team for a White Glove delivery. For "remote" areas and big heavy tables, we will need to get a quote for you.
