## DESCRIPTION

In 1968, Sigurd Ressel became the chief designer for Norwegian furniture company Vatne, and his seminal Falcon Chair (1970) soon followed. Originally, the hammock-like chair was produced with a chrome frame, but was redesigned with a lighter laminated base in 1974 for easier distribution. This is a wonderful addition to any art deco home, or the modern contemporary home.

Our Falcon Ottoman was inspired by the original steel frame version with some important distinctions. First, we use 12mm #304 Stainless Steel flat bar that has been polished to a mirror-like finish. We use heavy canvas for the hammock effect. Italian Leather and a combination of foam and feathers in cushion. We also make a wood version of this ottoman, see product number MC-7714 for this item.
