DESCRIPTION

Our Swan Sofa was inspired from the Arne Jacobsen's Swan Chair design, which was introduced by Jacobsen in 1958 for the Royal Hotel, Copenhagen project. The design is decidedly popular today, and may be found in numerous upper market homes and commercial furnishing appointments.

Our Swan Sofa features a molded internal shell made of a fiber-reinforced polymer. The base is aluminum to match the swan chair. For the upholstery, we use our exclusive North America made boucle fabric, which is 100% polyester with a Greenshield stain guard. At 250k double rubs, it is considered high performance. Our foam padding is high density, high resilient foam padding with a lifetime wear expectancy. We sew in piping around the edges for a clean finish. Another Modern Classics exclusive.
