Our Single Seat Florence Bench is offered in Italian Black leather. Each bench is handmade using modern furniture construction techniques for superb seat comfort and durability. The cushion surfaces on this model consist of individual panels which are sewn together with piping seam between the tufting points, with buttons at the tufting points. All models have the welting (piping) around the perimeter edges of the cushion and frame.

Exposed legs and frame are made of 14 gauge 1 inch square stainless steel tubing polished to a mirror-like finish and have adjustable feet glides. Our construction techniques provide a solid bench perfect for commercial and residential applications.
