DESCRIPTION

Note: This Web Special item is only for the Corbusier Style: Petite Club Chair - Espresso Brown Leather. We recently made a change in our current line of Petite Corbusier Seating to make the cushions fluffier, and this item is the older style of cushions. There are no refunds or returns on this web special. If you would like a different color in the current style, please go to the main product page for this item: [MC-2001](#)

Our Petite Club Chair is made by us at our own factory. Each chair frame uses high gauge tubular stainless steel. The frame is polished to a mirror-like finish with mitered frame corners ground to a soft radius. The feet have adjustable height glides. The webbing is 2" nylon with hooks to hold it the frames.

We use top-grain, leather on all exposed cushion surfaces. Inside each cushion is high density, HR (High Resilient), Multi-Density polyurethane foam. Surrounding the foam on the side and back cushions is Dacron wrap and the top of the seat cushion has a "pillow" of goose/duck down feathers, then wrapped in the Dacron.

Please read our [Buyers Guide for Corbusier Chairs](#) for more details on our LC2 Chair.
