DESCRIPTION

Our Florence Knoll Style Rectangular Coffee Table draws its inspiration from the Florence Knoll chair, sofa and table series Lounge Collection created by US designer Florence Knoll (1917-2019) to have a spare, angular profile that reflects the objective perfectionism of modern design.

Our version of the Small Square Coffee Table features a frame made of 14 gauge 1 inch square stainless steel tubing polished to a mirror-like finish. For the top, you can choose between tempered 1/2 inch glass or 20mm thick quartz. Quartz is a durable, nonporous material, most commonly used on countertops. Quartz has a variety of different colors and textures, and we have chosen three colors of tops to use on our Saarinen Style Tulip Tables: solid white quartz, white quartz with grey veins and black quartz with white veins. By its simplicity, it can complement any design choice. This material also comes with a stain resistant finish that gives it a longer life free of discoloration. By its simplicity, it can complement any design choice.
