The frame of our Exhibition 3-Seater Bench is constructed from premium grade hardwood (walnut or ash) - 4 wide x 1.5" thick - with 5 finish choices. The stainless steel legs are hand-polished to a high luster finish, are 1.5 inches in diameter and have a smooth plastic foot. There is a choice of seat height: either the standard 15" height (using 9 inch legs) or 18" seat height (using 12 inch legs).

The cushion surfaces consist of 48 individual top-grain, aniline dyed leather panels; each piece is cut and hand-sewn using a hand-rolling welting technique not found in other similar benches on the market. Inside the cushion is high resilient - high density polyurethane foam. The cushion is supported by leather straps screwed to the frame and whose top match the leather color.
