DESCRIPTION

One of the most influential of 20th century architects, Charles-Edouard Jeanneret, who choose to be known as Le Corbusier", was also responsible for some of the Modern Movements best-known furniture. Free from any form of decoration, these tubular steel designs embody relaxed and timeless elegance.

Our Grand Lounge Loveseat is inspired by the Le Corbusier LC3 Loveseat, known the world over as the "LC3 Confort - Grand Modele Loveseat." We make our version of the LC3 Loveseat at our own factory. Each loveseat frame uses high gauge tubular stainless steel. The frame is polished to a mirror-like finish with mitered frame corners ground to a soft radius. The feet have adjustable height glides. The webbing is 2" polyester woven elastic with hooks to hold it the frames.

We use top-grain, aniline-dyed leather on all visible cushion surfaces. Inside each cushion is high density, HR (High Resilient), Multi-Density polyurethane foam surrounded by Dacron batting. In addition, the seat cushion has an extra layer of Dacron fiberfill. If you are seeking a more relaxed look, we can replace the fiberfill with a feather/down mix which is available as our model number MC-2062.
