DESCRIPTION

Also known as the Tube d'Avion Table, our le Corbusier Style Dining Table is inspired by the Le Corbusier's LC6 Table. Our table is the only one on the market that is offered in the standard table height of 29.5 inches.

Available in four glass sizes, our table features a steel tubular frame powder coated a satin black, adjustable glass supports and a .70 inch thick tempered glass top which beautifully coordinates with his other classic designs and is a wonderful choice for contemporary dining areas. The steel frame is powder coated in a black matte finish. The height adjustment allows for a finished table height of 29.5 to 30 inches, including the .70 inch glass thickness.

Dimensions:

Depth Choices: 33.5 and 40 inches

Width Choices: 70 and 88 inches

Height Range: 29.5 to 30 inches

Frame Dimension: 28 x 62 inches or 28 x 44 inches on the smaller table

Weight: 210lbs (varies with size)
