DESCRIPTION

This is a high quality chair inspired by the iconic chair originally created for the Pavilion of German Representation at the 1929 Universal Exhibition in Barcelona, Spain.

Our Exhibition chair was inspired by the Mies van der Rohe lounge chair known the world over as the "Barcelona Chair" Shown here with Espresso Brown leather, our frame is constructed from premium grade solid bar stock stainless steel. All joints are fully welded, sealed, and seamless. The frame is hand-polished to a mirror-like finish. Four snaps attach the back cushion to the frame; 2 snaps and a belt attach the bottom cushion to the frame. For an extra charge, we can powdercoat the frame.

The cushion surfaces consist of 40 individual top-grain leather panels; each piece is cut and hand-sewn using a hand-rolling welting technique not found in other similar chairs on the market. The seat and back cushions are filled with high resilient - high density polyurethane foam that is CAL117 flame test rated. The cushions are supported by heavy straps riveted to the frame and whose top and side edges match upholstery color. Front and top corners of the cushions have no exposed seams. Compared to the other similar chairs on the market, ours is much more comfortable. [Read our Comparison Guide](#)

LEATHER CHOICES

Modern Classics Furniture offers two levels of Leather: **Standard** and **Premium Leather**. Each of these groupings feature:

- Top-grain leather from Grade A hides
- Semi aniline-dyed (standard) and 100% aniline-dyed (premium)
- Made in Italy and imported to our factory
- No split hides or bonded leather

Below are the swatches of the leather colors we offer for all furniture which offer leather. Our standard leathers (denoted with the prefix L1) are top-grain, semi-aniline-dyed, corrected with a slight embossing. Our Premium leathers (denoted with the prefix L2) are top-grain, 100% aniline-dyed and have a soft feel to them and much of the hides natural grain patterns are retained. We do not use split hides leather. Leather thickness is generally 1.0 - 1.2 mm depending on application of seating component for stretching and tailoring the upholstery design and condition. Both the Standard and Premium Leathers are considered equally durable and are ideal for home or commercial use.

We are happy to mail you a physical piece of leather so you can hold it in your hands. Click on this link to request a sample.
